PROFILE

front-end developer with 2+ years of experience designing and building responsive web design and mobile apps in the financial industry. Proficient with CSS and JS Frameworks, with extensive knowledge of UX and user psychology. Notable achievements include boosting the conversion rate of an existing website by 80% with improved code and design.

WORK EXPERIENCE

Front-end Developer

upwork/fiverr   2020-2023

- Followed SDLC best practices within an Agile environment to produce rapid iterations for clients.
- Collaborated with stakeholders during development processes to confirm creative proposals and design best practices.
- Coded using HTML, CSS JavaScript, and React to develop features for both mobile and desktop platforms.
- Advocated for well-tested and documented high-quality code.
- Teamed on user-centric design strategy in the translation of UX and business requirements into coded solutions.

Back-end Developer

upwork/fiverr/local-clients   2021-2023

- Developed web platform back-end using NodeJS ExpressJS frameworks.
- Built flexible, reusable code and libraries for future use.
- Integrated front-end elements into SSR applications rendering.
- Built APIs and data clients to consume APIs.
- Implemented robust security and data protection measures.
- Implemented features like authentications, REST APIs, and payment method integration.
